

# Compressor pump K25/C VA385 1.8L

K25

# Product details

|                                       |                                                                                                        |
|---------------------------------------|--------------------------------------------------------------------------------------------------------|
| SKU                                   | K25                                                                                                    |
| EAN 13                                | 8712418346251                                                                                          |
| Weight (netto) (kg)                   | 20.000000                                                                                              |
| Motor power (hp / kW)                 | 5.5 HP / 4.0 kW                                                                                        |
| Cylinders                             | 2                                                                                                      |
| Stages                                | 2                                                                                                      |
| Flywheel diameter (mm)                | 385                                                                                                    |
| Maximum pressure (bar)                | 11                                                                                                     |
| Intake capacity (l/min)               | 495                                                                                                    |
| Pump speed (rpm)                      | 1200                                                                                                   |
| Oilfree                               | No                                                                                                     |
| Oil capacity (l)                      | 1.80                                                                                                   |
| Intercooler                           | Yes                                                                                                    |
| After cooler                          | Yes                                                                                                    |
| Compatible with SKU (Pistons, Screws) | K 100-450 (36512-N), K 200-450 (36520-N), K 200-600 (36500-N), K 300-600 (36524-N), APZ 500+ (34250-S) |
